

SECOND ANNUAL

Oregon Ecopsychology Symposium: The Psychology of Interdependence

Friday-Saturday, June 10-11, 2016, 9 a.m - 4 p.m., Lewis & Clark College, Graduate Campus

This two-day symposium will bring together several Oregon scholars and practitioners to explore ecopsychology and kindred endeavors from the perspectives of creativity and self-expression, teaching and research, and socially engaged therapeutic practices.

Presentation topics to include:

- Indigenous perspectives on ecopsychology
- Sustainability leadership education and practice
- Integrating EcoWellness into clinical settings
- Psychological perspectives on global climate change
- Supporting sustainable businesses and organizations
- Political engagement
- Remaining creative and strategies to avoid burnout
- Best practices for teaching and professional practice
- An examination of the United Nations's new Agenda 2030 and Sustainable Development Goals

Who should attend?

Mental health and other healthcare professionals, educators, sustainability professionals, environmental advocates, artists and creative professionals, and others interested in integrative perspectives on the psychology of human-nature relationships.
